

**College of Engineering**  
**Child Care Travel Reimbursement Policy**

**Effective 1 September 2019**

The College of Engineering's child care travel reimbursement policy provides tenured and tenure track faculty and research faculty up to \$1,000 per faculty member per fiscal year for approved travel expenses or in-home child care charges for children under the age of six. The purpose of this policy is to provide support to faculty members who incur dependent care or in-home child care expenses while traveling to attend professional meetings, conferences, workshops, and other professional development offerings. Faculty who have dependent children with special needs will be offered up to \$1,500, to address the additional financial burden required in special circumstances. The College strongly supports faculty who are working to balance family and scholarly research obligations.

Expenses covered by this policy may include dependent care at home while the faculty member is traveling, the cost of transporting the dependent and/or the caregiver to a conference/meeting location, and /or on-site dependent care at a conference/meeting. Expenses will be covered for single caretakers and for faculty members whose spouse/partner is not available for child care. Recipients must certify that funds requested for dependent care are due to travel for university business, and are above and beyond normal dependent care expenses (e.g. normal day care).

Requests for funding will be considered through the process detailed below. Payment will be made after travel is completed.

Process:

1. The top portion of the Reimbursement Request for Child Travel Expenses Form should be completed by the requesting faculty member and submitted to the Office of the Associate Dean for Academic Affairs (ADAA) to [jmpiper@umich.edu](mailto:jmpiper@umich.edu) for pre-approval of travel expenses (examples include: child's airfare, car seat rental, crib rental, etc...) for children under the age of six related to the faculty member's travel.
2. Expenses that will not be approved include travel costs or childcare provided by a spouse/partner/other family member accompanying the faculty member on travel.
3. Costs are reviewed and the faculty member is notified of a decision.
4. Upon return from travel, the faculty member should complete the bottom portion of the Reimbursement for Child Travel Expenses Form, attach the appropriate receipts and submit them to the ADAA Office ([jmpiper@umich.edu](mailto:jmpiper@umich.edu)). Reimbursements will be paid to the faculty member through Additional Pay and will be subject to any applicable income taxes (the IRS considers this taxable income).
5. The P-Card should not be used for child travel expenses. If a P-Card is used, the costs should be designated as a "personal expense" and will be deducted from the faculty member's pay via the standard Concur process for personal expense.
